

The Circus Experience

What can we offer your business?

Strength Your Team

Reward Your Staff

Boost Wellbeing

Have Some Fun

We can create a circus experience that runs from 2 hours through to a 10 week program, and can tailor to everything in between. The Circus Experience is an investment in your organisation. You will reap the benefits of teams who feel appreciate and valued, who have renewed positivity, and ultimately are more engagement. Prices depend on a number of variables, including numbers in group, location and duration.
