Replay Theatre Company has been delivering training to non-arts professionals for many years, particularly recently with the CPD opportunities our UP programme has presented for those in non-arts sectors.

UP is a programme of bespoke pieces of theatre and theatre workshops for children and young people with Profound and Multiple Learning Difficulties, created in consultation with those children, their carer and educators

Our process will typically begin with a no fee consultation to discuss your training needs – we'll design our training around those needs and keep you involved at every stage.

Typical fees:

About Replay Theatre Company:

Replay Theatre Company has been making theatre adventures for younger audiences since 1988. We make innovative, quality work for everyone under the age of 19: from the tiniest of babies (our youngest audience member so far was 4 days old) to the oldest teenagers, for children and young people with PMLD (Profound and Multiple Learning Difficulties), for school groups, for families, for festivals.

We're often told that we offer many children in Northern Ireland their first taste of professional theatre and since 1988 our work has reached over ¼ million children and young people.

Replay is making world-class work and we are making it for everyone. We believe that it is every child's basic human right to access and participate in the highest quality/leading-edge theatre and arts created especially for them.

Article 31 (Leisure, play and culture): Children have the right to relax and play, and to join in a wide range of cultural, artistic and other recreational activities. – **UN Convention on the Rights of the Child**
